#### PLOVDIV UNIVERSITY "PAISII HILENDARSKI"

Software Engineering

2020 - 2024

### LANGUAGES

- English - Intermediate
- Ukrainian - Native
- Bulgarian - Upper Intermediate
- Russian - Fluent

### DEVELOPMENT EXPERIENCE

#### Completed an internship at the Next Consult company as RPA developer (12.06.2023 - 30.09.2023)

During a comprehensive 3-month internship, I honed my skills in designing and implementing automated processes. I received hands-on training in creating efficient and seamless workflows using UiPath Studio, C#, VB.Net, Excel, and various other tools. Responsibilities included developing automated robots to optimize routine tasks, enhancing system integration, and troubleshooting technical issues. I actively contributed to the design and implementation of automation solutions, demonstrating a keen ability to adapt and innovate in a dynamic work environment.

#### Junior RPA Developer at the Next Consult company (01.10.2023 - present)

After completing a three-month internship, I transitioned into the role of Junior RPA Developer, where I have been autonomously designing and developing processes. In this position, I have gained valuable experience and am actively engaged in refining automation solutions. Looking forward to contributing my skills and expertise to drive further innovation in the field of Robotic Process Automation.

#### Technologies that I use in this position

- UiPath
- REST API
- C#, VB.Net
- HTML
- XML
- Git
- Microsoft Excel
- JavaScript
- UiPath Orchestrator
- JSON
- Python
- SQL
